PROFESSIONAL SUMMARY

Final-year Computer Science student and **Full-Stack Developer** with hands-on experience building **production-grade web applications** using **React, Django, Flask, REST APIs, PostgreSQL, and MySQL**. Proven experience in **backend API development, database design, authentication, and deployment**, along with modern frontend frameworks. Comfortable owning features end-to-end in **fast-paced startup environments**.

EDUCATION

Bachelor of Technologies in Computer Science, Sri Indu College of Engineering and Technology *7.75CGPA* Nov 2022 – May 2026
Intermediate in MPC, Sri Gayathri Junior College, Hyderabad *92.1%*   Jun 2020 – May 2022

SKILLS

Programming Languages: Python, JavaScript
Frontend: React.js, HTML, CSS (Tailwind), Vite, Component-Based Architecture, Responsive UI
Backend: Django, Django REST Framework, Flask, RESTful APIs, Authentication (JWT / Session), API Design
Databases: PostgreSQL, MySQL, MongoDB, SQL (Schema Design, Queries, Optimization)
DevOps & Tools: Docker, Git, GitHub, AWS, CI/CD, Make, VS Code
Core CS: Data Structures & Algorithms, DBMS, Operating Systems

PROFESSIONAL EXPERIENCE

Software Developer Intern   **Nov 2025 – Present**
Yuvro Software Private Limited   *Hyderabad, India*

- Developed full-stack features using React (frontend) and REST APIs (backend) for the Yuvro Code platform.
- Built and integrated backend APIs, collaborating on request/response contracts, validations, and error handling.
- Improved application performance by optimizing API calls, frontend state management, and database interactions.
- Worked with cross-functional teams to ensure scalable architecture and clean code practices across frontend and backend modules

IT Lead Intern   **Jan 2025 – Apr 2025**
Mentoria Institute Limited   *Hyderabad, India*

- Designed and developed a centralized full-stack system using Flask (backend), React (frontend), and MySQL (database).
- Implemented REST APIs, database schemas, and server-side business logic to support multiple platform workflows.
- Managed deployment and API integrations, ensuring reliable production behavior.
- Led a 3-member agile team, handling backend architecture decisions alongside CI/CD coordination

PROJECTS

PromptProbe (https://promptprobe.in) – Multi-LLM playground with authentication, **REST APIs**, and session tracking; **250+** users in week one, **15+ paid subscribers**.

CodeMania – Hackathon platform for **150+** participants; reduced admin workload by **75%** with automated event workflows.

PowerPitch – Event tracking system for **90+** weekly users; decreased paperwork by **80%** with MySQL-backed automation

EXTRA-CURRICULAR ACTIVITIES

Co Organizer – Microsoft AI Innovators Hub : Organized and led learning sessions for the Microsoft AI Innovators Hub, contributing to community-driven AI initiatives.

Coordinator – Cyber Club, SICET : Organized and taught in the classes and sessions held to increase awareness of cybersecurity issues and the involvement of the students.
